Keble:17,18 and 19

Target Population: 100 households (550 individuals)

Program Overview

East Action's food distribution initiative aims to empower vulnerable communities by delivering essential food resources and partial cash assistance to selected households facing economic and humanitarian challenges. This targeted initiative focuses on providing support to 100 households in the kebeles, prioritizing those in greatest need.

Objectives

Empowering Inclusive Communities:

Provide essential food resources that empower and support community members.

Targeting the Most Vulnerable:

Identify and assist individuals and households facing significant economic hardships and humanitarian issues.

Ensuring Accessibility and Inclusivity:

Guarantee that the program benefits reach all intended recipients, promoting an inclusive approach, especially for those with disabilities or other challenges.

Program Details

Food Assistance

Each of the 100 vulnerable households will receive:

25 kg of porridge

25 kg of rice

3 liters of cooking oil

This assistance is funded through internal resources and member support.

Community Engagement

The initiative has actively engaged with the local community to identify the most vulnerable individuals, ensuring that aid reaches those in dire situations.

Impact and Sustainability

The program has significantly impacted the communities it serves by providing essential support to individuals facing economic and humanitarian challenges. The focus on accessibility and inclusivity ensures that individuals with disabilities and other vulnerabilities can benefit from the assistance.

To promote sustainability, East Action will:

Monitor the program's progress.

Seek opportunities for further expansion and collaboration with other stakeholders.

Allow beneficiaries to communicate directly with the program chairman for follow-up and support.

This initiative exemplifies East Action’s commitment to self-financing programs aimed at community empowerment.
